

ABOVE ALL,  
YOUR BUSINESS  
MATTERS.

WE GET THAT.

THE WORK IS HIGH  
STAKES. THE SERVICE  
IS HIGH TOUCH.

THE MOMENTUM IS  
ALWAYS FORWARD.

**What if a  
law firm was  
confident  
enough  
to do things  
differently?**

A firm that embraced passion and pragmatism in equal parts. Believed innovation is always better than same old, same old. Championed big ideas over big law and high-touch service over high cost. Cared deeply about attorneys' quality of work and their quality of life. Remained laser-focused on taking you to the next level.

That would be a firm that gets your business.

# We've built our reputation on sophisticated work and immersive relationships.

## **It starts with service.**

Business never stops. And neither do we. Responsiveness and accessibility are the cornerstones of our service-driven culture. Sophisticated, senior-level attention to your business means solutions aren't just modeled on your industry; they are tailored to your unique needs.

## **Your business partner.**

One key principle has always guided us: The success of our clients defines our own success. Whether you're a startup, a microcap or a Fortune 1000 global leader, we work as a member of your core team and a strategic advisor throughout your business journey.

## **Happy lawyers do the best work.**

You want people on your team who love what they do. We strive to maintain an exceptional work environment for our attorneys and staff. Much is consistently rated a top place to work, and no one here is surprised.

BUSINESS & LEGAL COUNSELING

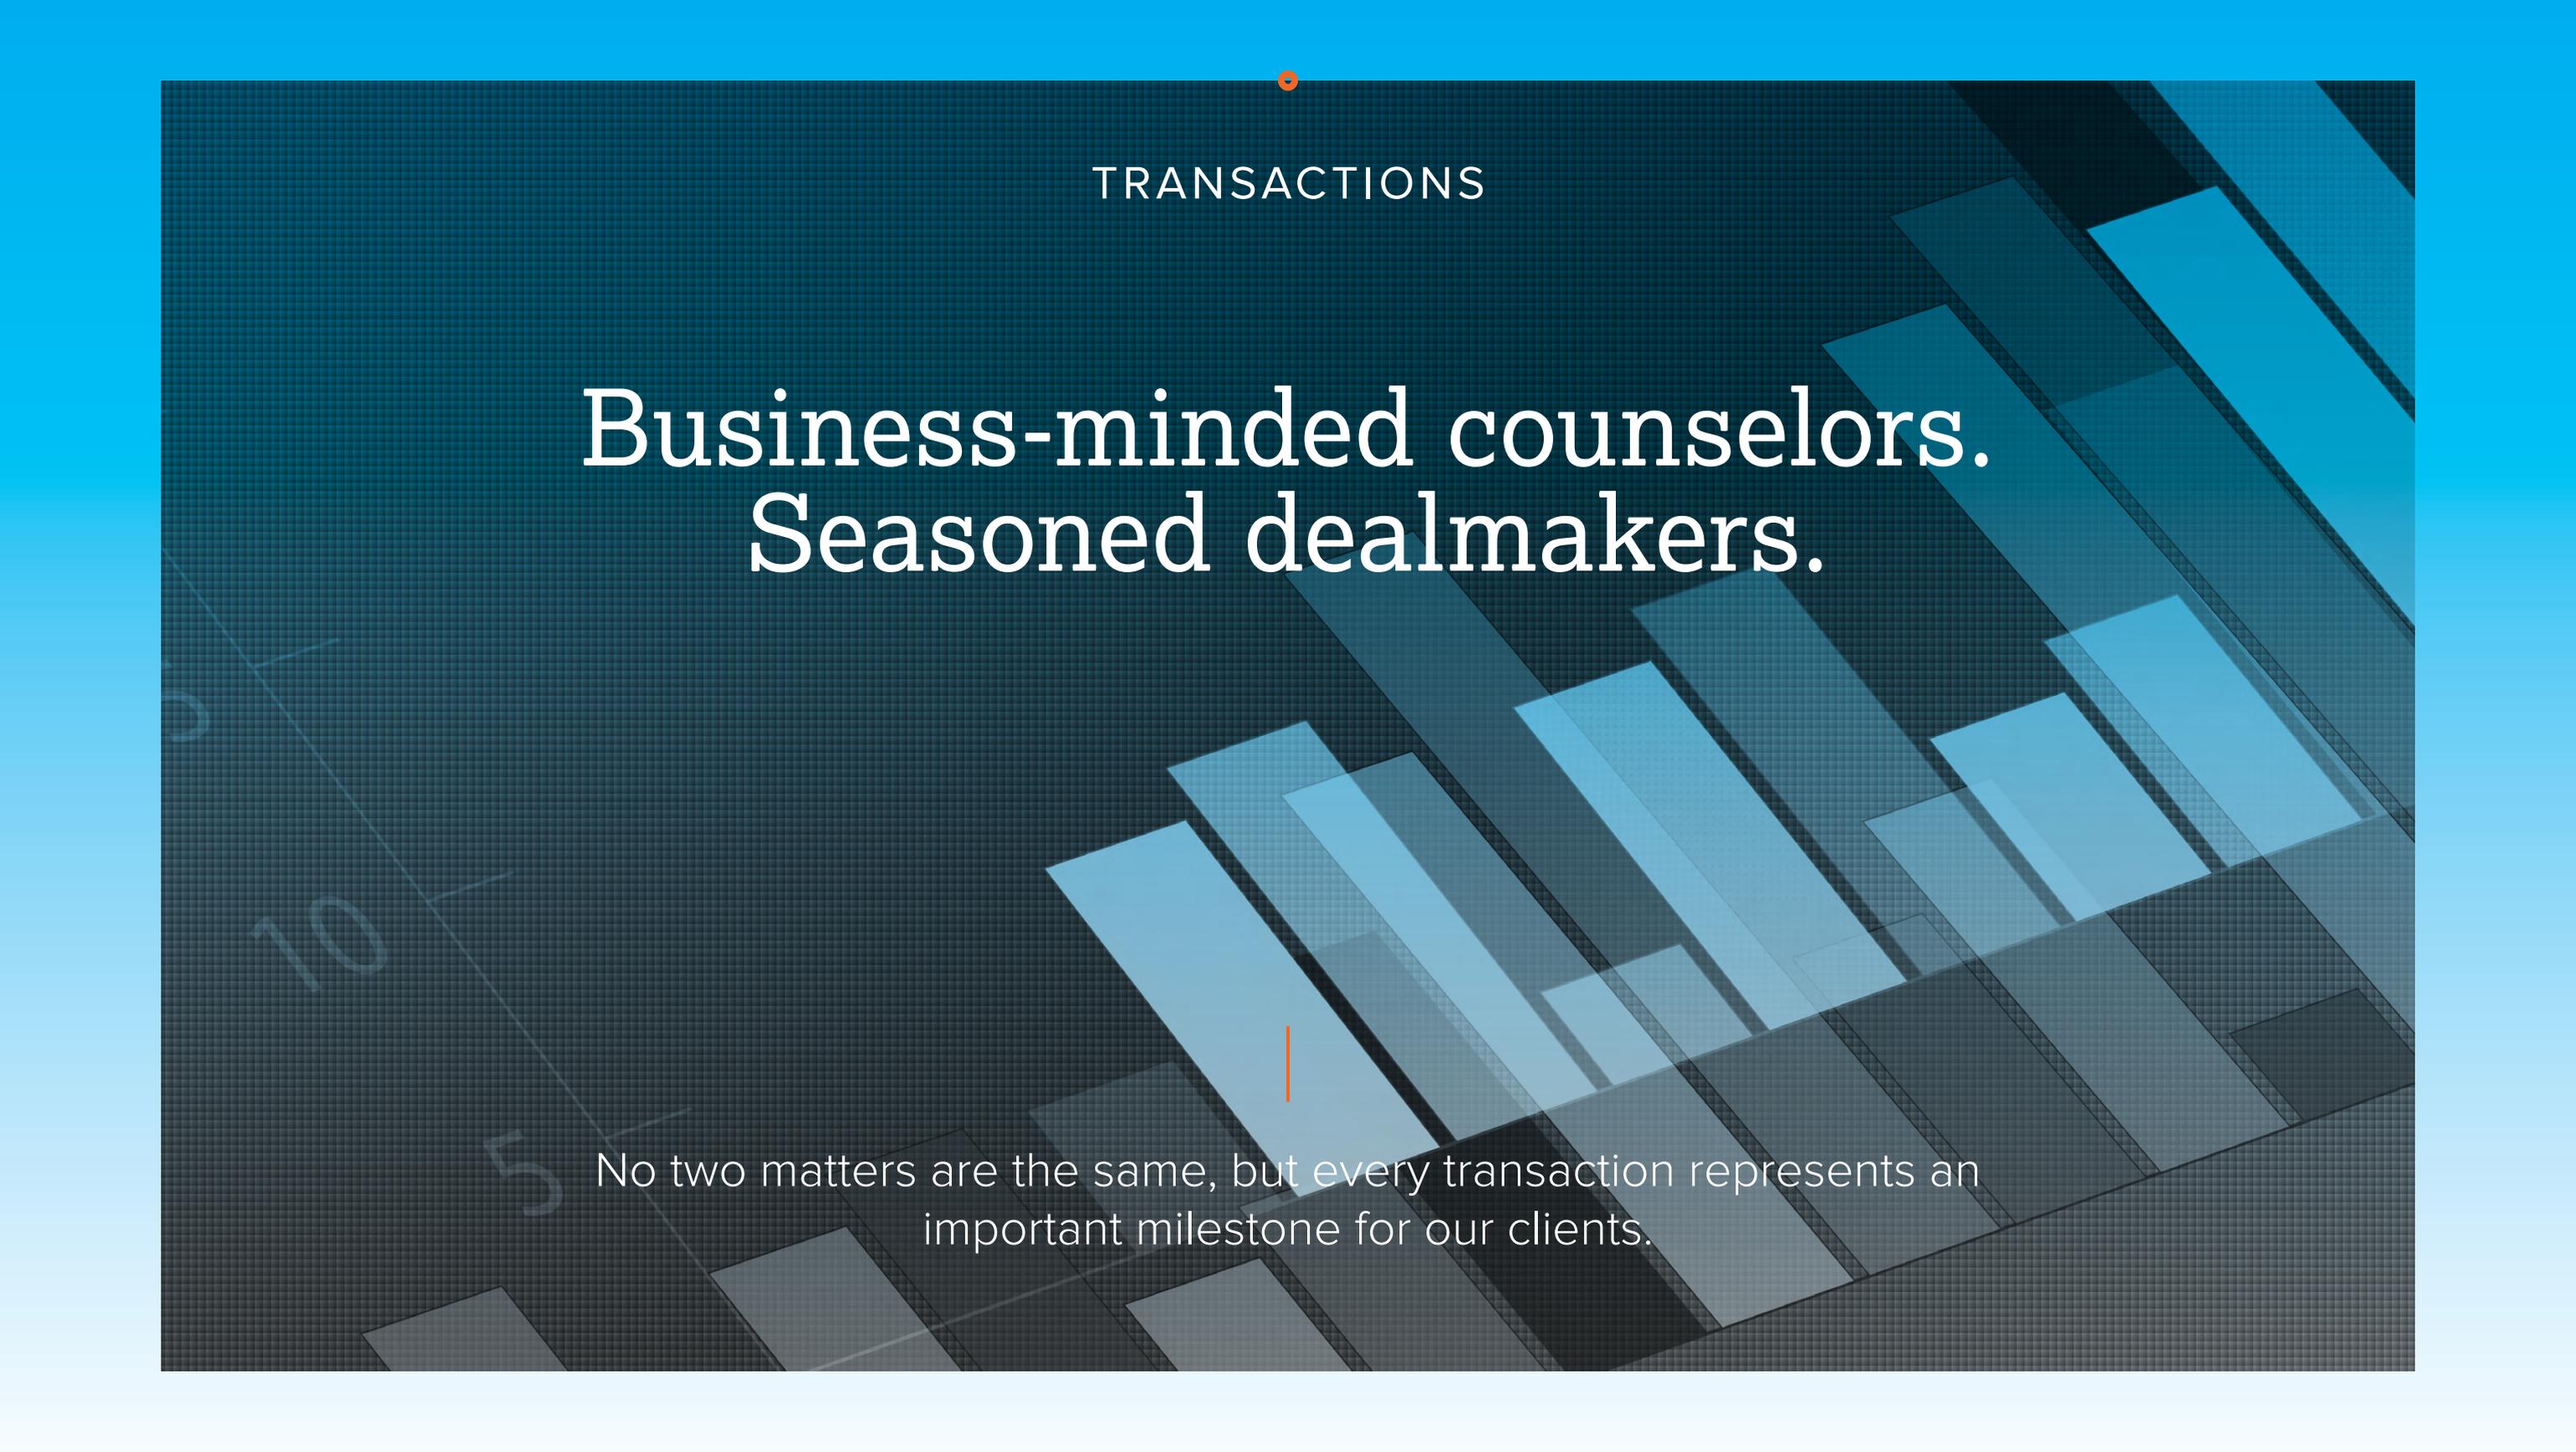

Creative thinkers.  
Strategic advisors.

Every day, business owners encounter new issues and opportunities.  
That's when straightforward guidance and real-world perspectives  
matter most.

From routine matters to transformative business events, we're proud to be the first call many clients make when they face important decisions.

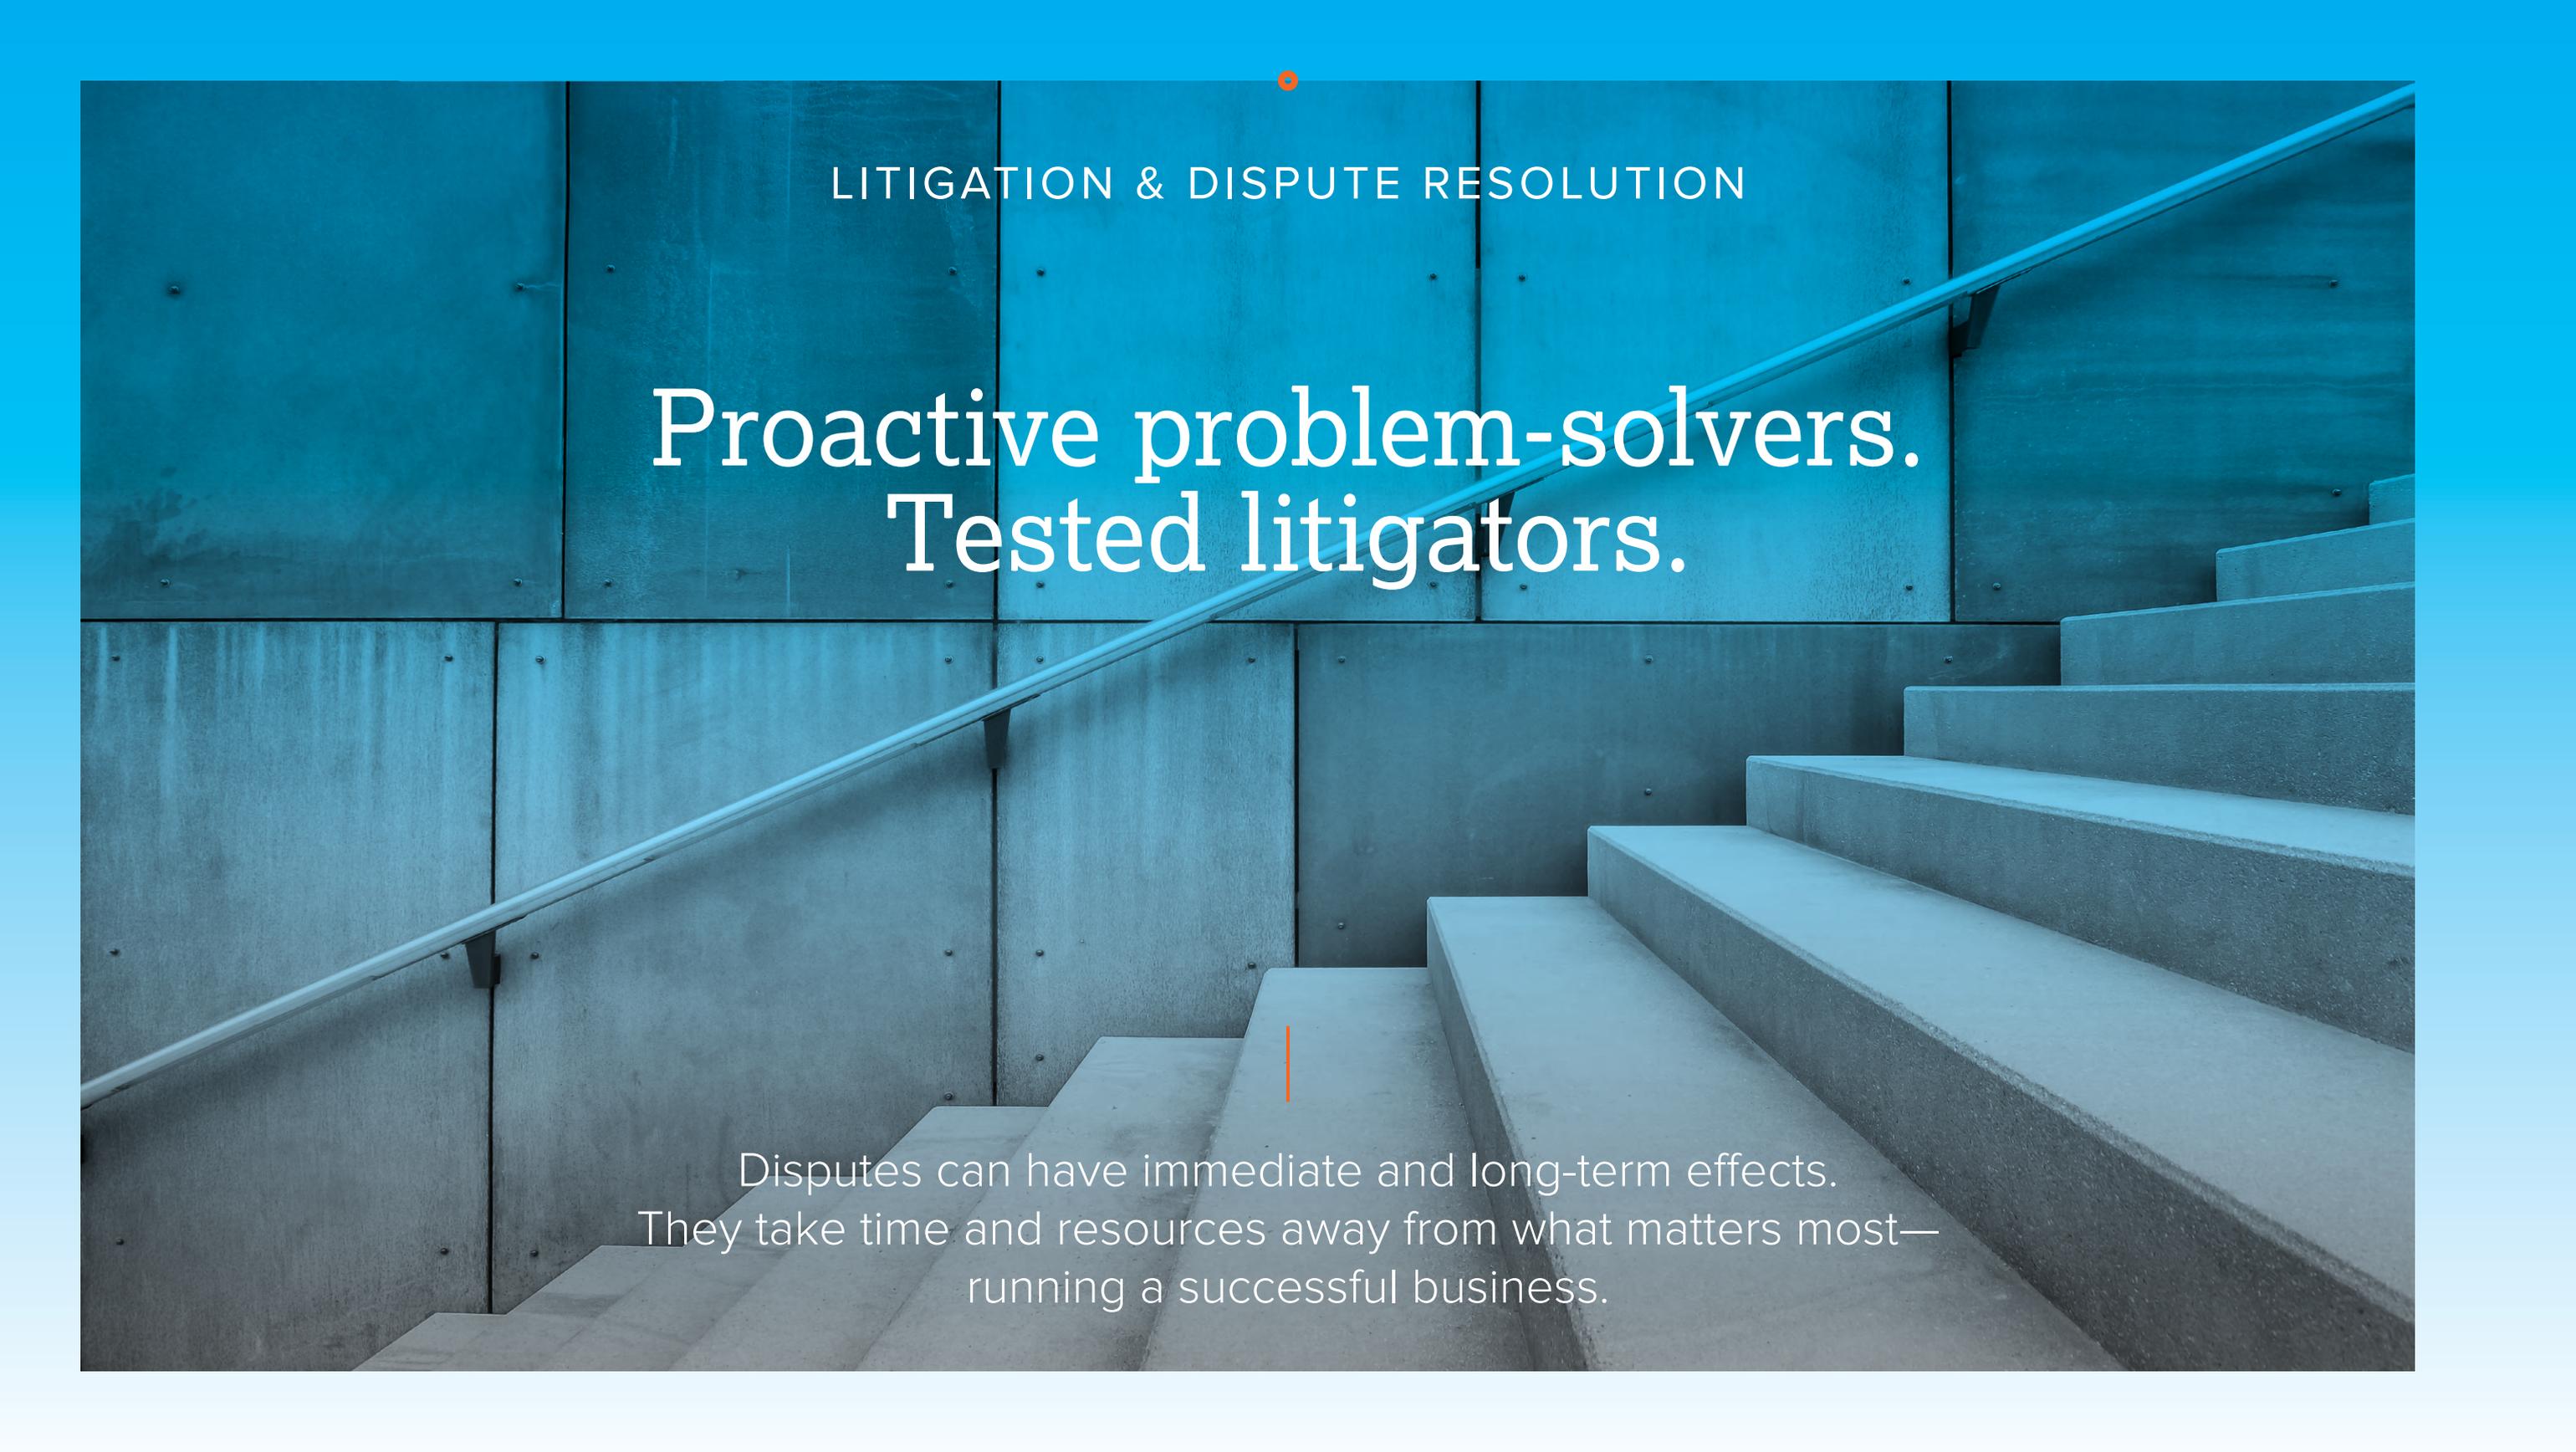

TRANSACTIONS

Business-minded counselors.  
Seasoned dealmakers.

No two matters are the same, but every transaction represents an important milestone for our clients.

You deserve smart, practical approaches that move your deals forward. From start to finish, we offer senior-level leadership, extensive business experience and a team of creative, highly responsive professionals.

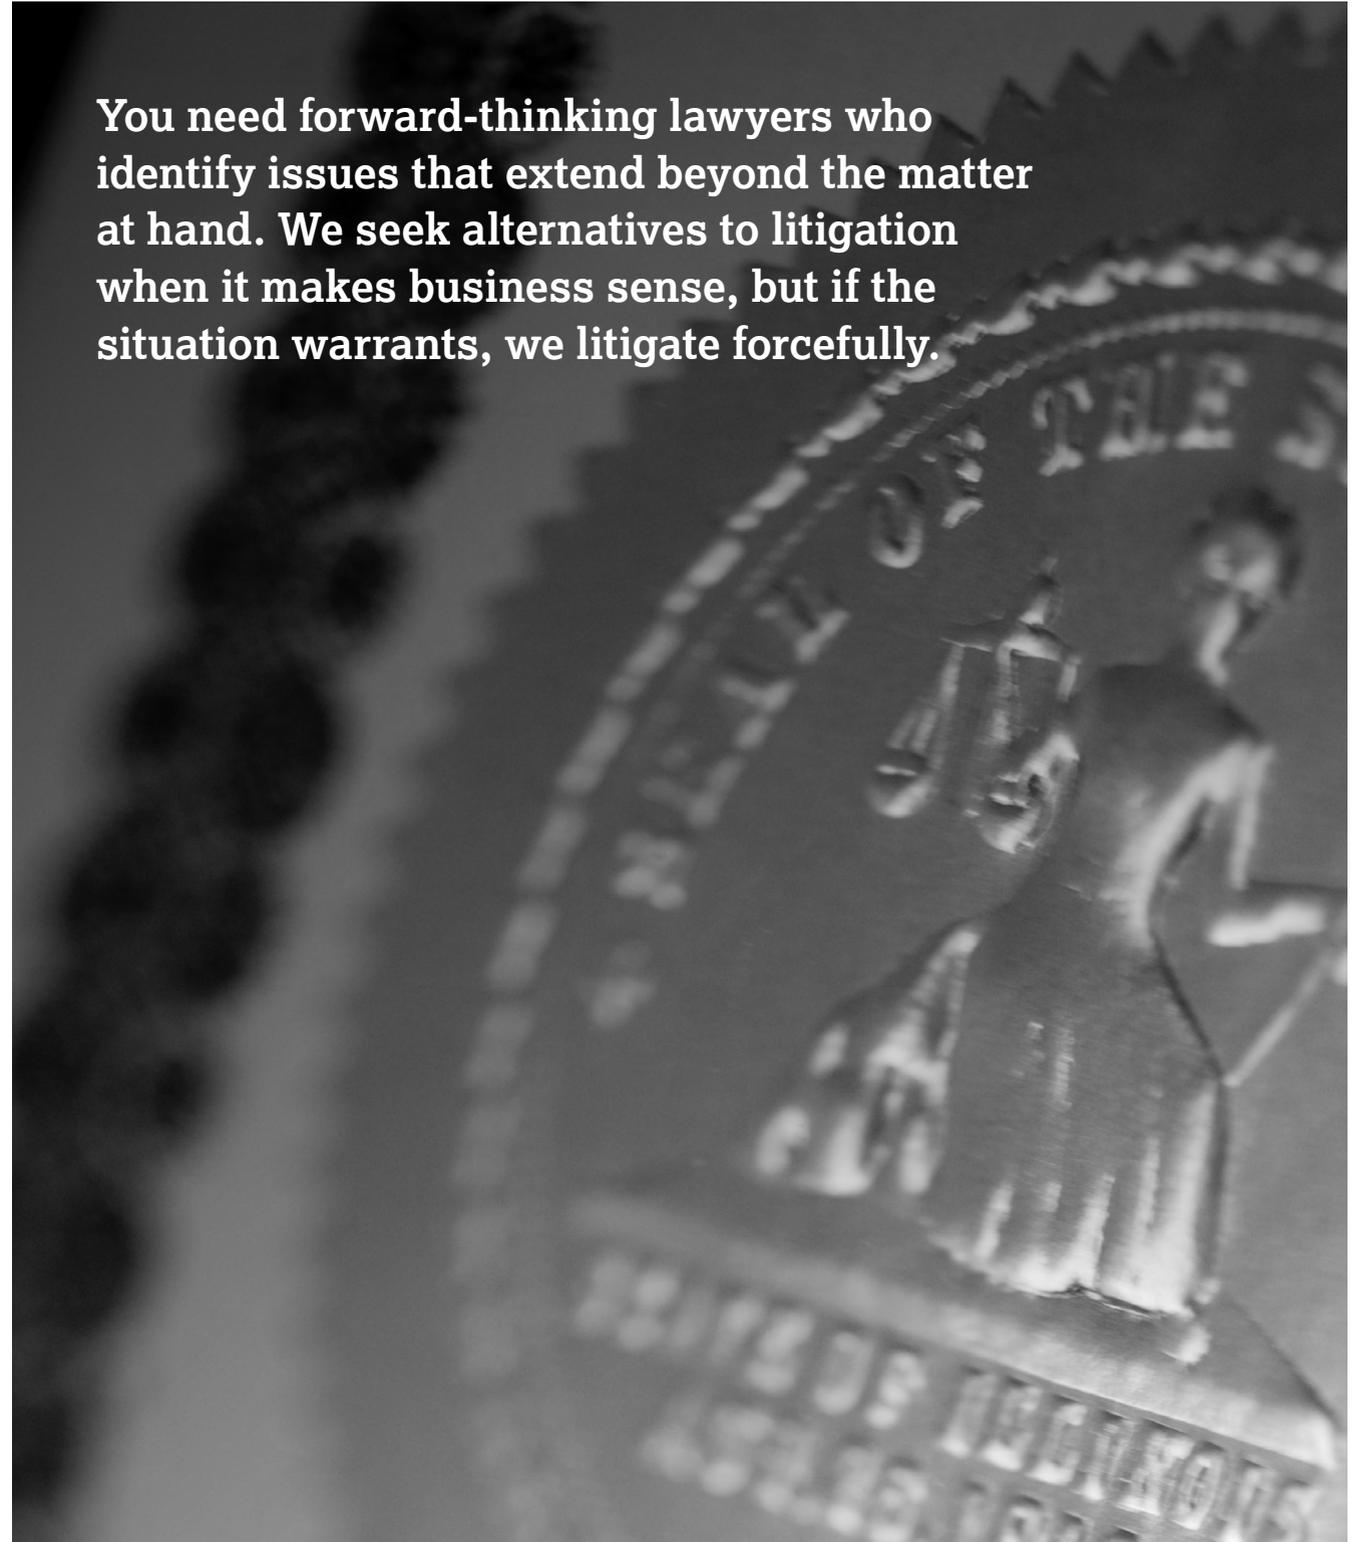

LITIGATION & DISPUTE RESOLUTION

# Proactive problem-solvers. Tested litigators.

Disputes can have immediate and long-term effects.  
They take time and resources away from what matters most—  
running a successful business.

**You need forward-thinking lawyers who identify issues that extend beyond the matter at hand. We seek alternatives to litigation when it makes business sense, but if the situation warrants, we litigate forcefully.**

## Full-service, with the emphasis on service.

That's how we approach client relationships. Well-connected and well-versed, our attorneys provide straightforward solutions to complex business and legal issues. We help clients see around the corner and seize opportunities—often before they even know they exist.

Clients depend on us for smart, strategic counsel in a range of industries and areas of law. This is where our full-service platform really shines.

We believe in collaboration across all areas of law,  
with one thing in mind: your success.
